**Campaign Spending:** [List of Filers](#)

This is my sixth try for a Kauai County Council seat.

Council members ignored the voters who overwhelmingly chose to have property taxes controlled.

Council members are spending taxpayer's money to fight the voters choice concerning property taxes in the 2004 election.

I have spent countless hours trying to change feminist backed laws.

The definition of feminist is lesbian communist.

The family abuse law must be changed.

Why should some man have a 99 percent chance of being arrested because some bitch accuses him of abuse?

Child support must stop at age 18.

It is discrimination that men without custody must pay child support until age 23 and married men have the right to stop all support to their children at age 18.

Senator Hooser agrees this is unfair. He cannot change this law because many senators are not interested to change this law.

We must tell all state legislators we want this law changed.

Child support should be eliminated. The custodian parent uses the children for tax deductions and all child support is tax free.

The man giving the child support can not deduct child support.

We are only subsidizing their way of raising our children.

If you call men Dead beat Dads, then call them Whore moms when they receive child support.

I have plans to eliminate mosquitos and the Hawaii state income tax.

My people may soon overthrow the Laos Communist government.
